## HOW TO USE

Ensure a secure fit by inserting your fingers into each of the supplied finger holes. Place a generous amount of water-based lube on your penis and insert into the sleeve. Rinse thoroughly with warm water after use.

## CUSTOM DRYING CASE

In order to maximize the lifespan of your Fleshlight product, it is important to clean and dry it after every use. Our custom case allows for faster drying times and makes for the perfect storage unit. Simply place the FleshSkins product on the drying rod after cleaning, allow the toy to fully dry, and then place the lid on the case to store.
